### AVAILABILITY OF REFERENCES CITED

Loans. Most of the material in the National Agricultural Library collection may be borrowed by employees of the Department of Agriculture and by other libraries. In requesting loans, please include the Library call number found at the end of the citation.

Reproduction. Microfilm or photoprint copies of any portion of most of the publications listed in this bibliography may be obtained by placing an order with the National Agricultural Library at the address noted below.

Copying charges are:

MICROFILMS:	\$1.00 for each 30 pages or fraction copied from a single article or book.
PHOTOPRINTS:	\$1.00 for each 4 pages or fraction copied from a single article or book.
RUSH SERVICE:	\$1.00 additional for each order.

Payment must accompany the order. Cash, Library coupons, check or money order drawn to the National Agricultural Library are acceptable. Payment for orders originating outside of the United States should be made by International money order or draft on an American bank, or by UNESCO book coupons. Superintendent of Documents coupons and requests to furnish photocopy to be paid from Superintendent of Documents Deposit funds cannot be honored. Credit may be extended to Government agencies and institutions. Billing address, if other than the mailing address, should be indicated in the appropriate place. Please include ZIP Code in all addresses.

Library Coupons. National Agricultural Library coupons, valued at \$1.00 each, may be purchased in any quantity.

PLEASE GIVE COMPLETE BIBLIOGRAPHIC INFORMATION AS IT APPEARS IN THIS PUBLICATION FOR EACH ITEM REQUESTED.

Address. Orders for photocopy or Library coupons, requests for order blanks, or question regarding loan arrangements may be sent to:

## PREFACE

This list brings up to date Library Lists 26, 57, and 74 which contain references on school lunches for the years 1925 through 1961.

Material covered includes school lunches actually served at school, special school breakfasts, special summer lunch programs, Project Head Start feeding programs, and disaster feeding in which school lunch facilities were used. In addition, the following aspects of the Child Nutrition Act of 1966 as stated in the Digest of Agricultural Legislation are included in the present bibliography:

"A three-year extension of the Special Milk Program beyond fiscal year 1967; a two-year pilot program to provide breakfast in school, effective for fiscal years 1967 and 1968; a permanent program to provide equipment for food service in schools drawing attendance from children of low-income families; authority to provide funds to State educational agencies to assist them in the administration of the new authorities and section 11 of the National School Lunch Act, as amended; extension of all Federally aided food service programs for children to pre-school children enrolled in activities administered through the school system; and centralization in the Department of Agriculture of authority for the conduct and supervision of all Federally aided food service programs for children in school."

Material on the nutrition of children has been omitted except in connection with school feeding and community programs.

Grateful acknowledgment is made for the assistance of Mrs. Bertha Olsen and Miss Joan Luck of the School Lunch Division, Technical Services Branch, Consumer and Marketing Service, in defining the scope of the bibliography and in deciding on material for inclusion. Miss Blanche Sharpe, Legislative Reference Branch, Reference Division, National Agricultural Library, assisted generously with research concerning legislation.

Call numbers following citations are those of the National Agricultural Library. Entries for publications not available at the National Agricultural Library are followed by the name of a library which has them.

Blanche L. Oliveri, Acting Director  
National Agricultural Library
